Background

- Home ownership is a key building block of wealth.

- Reports of appraisal bias have appeared in the news and recent research articles. It is illegal to discriminate against someone because of race at any stage of the mortgage process, including property appraisals.

- Undervaluation hurts the homeowner and the surrounding community. Undervaluation of homes based on race also helps drive the racial wealth divide.

- Overvaluation of homes can also put family wealth at risk and lead to higher rates of foreclosure.

- Important to ensure that the appraisals used to make lending decisions are accurate and free from bias.
CFPB and Appraisal Bias

- June 15, 2021 – the CFPB hosted a roundtable to look closer at the role of racial bias in home appraisals. Participants included various external stakeholders and interagency partners.

ECOA Background & Scope

  2. Color
  3. Religion
  4. National origin

  8. The fact that all or part of the applicant’s income derives from a public assistance program; or
  9. The fact that the applicant has in good faith exercised any right under the Consumer Credit Protection Act.
ECOA Background & Scope: Applicability

ECOA prohibits a **creditor** from discriminating on a prohibited basis regarding **any aspect** of a credit transaction.

“**Credit**” means the right granted by a creditor to an applicant to defer payment of a debt, incur debt and defer its payment, or purchase property or services and defer payment therefore.

“**Creditor**” means a person who, in the ordinary course of business, regularly participates in a credit decision, including setting the terms of the credit. The term creditor includes a creditor's assignee, transferee, or subrogee who so participates.

“**Credit transaction**” means **Every aspect** of an applicant's dealings with a creditor regarding an application for credit or an existing extension of credit.
ECOA Background & Scope: Applicability

- Regulation B covers a wide range of credit transactions including:
  - Consumer loans, including home mortgages loans
  - Business loans, including commercial real estate loans

- Regulation B prohibits creditors from acts or practices directed at prospective applicants that could discourage a reasonable person, on a prohibited basis, from applying for credit.
ECOA: Applicability to Appraisals

▪ “Any aspect of a credit transaction” includes:
  The creditor’s “information requirements,” “investigation procedures” and “standards of creditworthiness” (12 C.F.R. § 1002.2(m)).

▪ Appraisals are an aspect of a credit transaction.

▪ Discrimination “on a prohibited basis” (e.g., on the basis of race) includes:
  ▪ discrimination against an applicant subject to the appraisal;
  ▪ discrimination against individuals with whom the applicant is affiliated or associated, including other residents in the neighborhood where the property offered as collateral is located (12 C.F.R. § 1002, Supplement I 2(z))

▪ A creditor, in certain circumstances, may be liable under ECOA for relying on a discriminatory appraisal.
Other Federal Laws and Regulations
