# Illustrating insurance concepts

Life is full of surprises. Insurance is there to help us when things go wrong. Design a poster that explains what insurance is and how it protects people from financial risk.

## Instructions

1. Review basic information about insurance (you can refer to the "What is insurance?" handout).
2. Create a poster explaining what insurance is and why it's important.

## Create your poster

Use the space below, a separate piece of paper, or poster board to design your insurance concepts poster. Be sure to include:

- A message about why insurance is important.
- At least three key words about insurance.
- An image (or images) that represents key concepts about insurance.
