Making spending choices

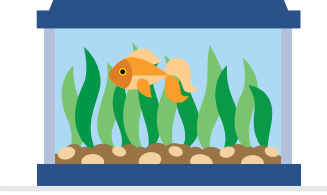

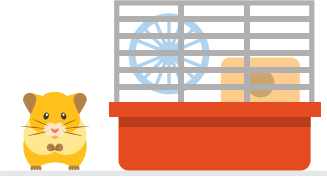

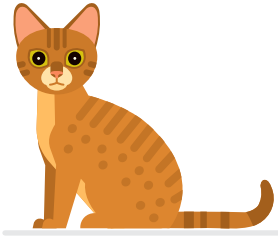

It's a good idea to compare your options before you decide how to spend your time and your money.

Spending time and money on a pet

It takes time and money to care for a pet. Some pets need a lot of time and money. Some need less time and money. Look at how much time and money each pet on the next page needs. Then check the box next to the pet that could be right for you and your family. You can choose more than one pet.

Which pet or pets could be right for you and your family?
