

Thank you for your interest in working with the CFPB!

The Office of Minority and Women Inclusion (OMWI) is here to help you find the right opportunity to do business with the Bureau. You may know that the Bureau has a congressional mandate to promote the utilization of minority-owned, women-owned, and small businesses in all our procurement and business practices. We accomplish this by emphasizing transparency and clear communication with our vendor partners. OMWI developed a 3-step process for businesses to follow when seeking new opportunities:

1. **Review procurement announcements:** The CFPB publishes its upcoming procurement needs regularly. Visit [Doing Business with the CFPB](#) to learn more about the Bureau's needs for goods and services.
2. **Match your capabilities:** When new opportunities post, vendors should match their business capabilities, including NAICS codes and acquisition strategy, to CFPB's requirements forecast:

| <u>Requirement Description</u>                    | <u>NAICS</u> | <u>Posting Date</u> | <u>Acquisition Strategy</u>             |
|---|--------------|---------------------|---|
| Axway Maintenance Support                         | 541519       | FY18, Q2            | SEWP<br>Competition<br>SDVOSB Set Aside |
| IBM Sterling Connect: Direct Software and Support | 541519       | FY18, Q2            | NASA SEWP<br>SB Set Aside               |

3. **Communicate with Bureau:** If your capabilities match with a CFPB opportunity, please email [OMWI\\_SupplierDiversity@cfpb.gov](mailto:OMWI_SupplierDiversity@cfpb.gov). The OMWI office will compile a list of interested vendors and distribute it to the Contracting Officer (CO) assigned to each specific opportunity.

If the Bureau needs more information, the CO will contact you directly. If you have any questions about the process of doing business with the Bureau, please send an email to [OMWI\\_SupplierDiversity@cfpb.gov](mailto:OMWI_SupplierDiversity@cfpb.gov) and [CFPB\\_Procurement@cfpb.gov](mailto:CFPB_Procurement@cfpb.gov). OMWI appreciates your interest in the Bureau!

Regards,

Cassandra Zeigler, PMP
