## Changes to Your Mortgage Interest Rate and Payments on September 1, 2012

Under the terms of your Adjustable-Rate Mortgage (ARM), you had a three-year period during which your interest rate stayed the same. That period ends on September 1, 2012, so on that date your interest rate and mortgage payment change. After that, your interest rate may change annually for the rest of your loan term.

	Current Rate and Monthly Payment	New Rate and Monthly Payment
Interest Rate	4.25%	6.25%
Total Monthly Payment	\$983.88	\$1,211.81 (due October 1, 2012)

**Interest Rate:** We calculated your interest rate by taking a published "index rate" and adding a certain number of percentage points, called the "margin." Under your loan agreement, your index rate is the 1-year LIBOR and your margin is 2.25%. The LIBOR index is published daily in the Wall Street Journal.

**Rate Limits:** Your rate cannot go higher than 11.625% over the life of the loan. Your rate can change each year by no more than 2.00%.

**New Interest Rate and Monthly Payment:** The table above shows your new interest rate and new monthly payment. Your new payment is based on the LIBOR index, your margin, your loan balance of \$189,440, and your remaining loan term of 324 months.

**Prepayment Penalty:** Keep in mind that if you pay off your loan, refinance or sell your home before September 1, 2012, you could be charged a penalty. Contact Springside Mortgage at (800) 765-4321 for more information, such as the maximum amount of the penalty you could be charged.
