1. Introduction to Collect

The Consumer Financial Protection Bureau (CFPB), is required by law to collect credit card price and availability information from a sample of credit card issuers and report this information to Congress and make it available to the public, pursuant to provisions of the Truth In Lending Act (TILA), 15 USC 1646(b)(1), (2) & (4). If your financial institution received an Order from the CFPB requiring your institution to complete the Terms of Credit Card Plans (TCCP) Survey, your institution must complete and submit the TCCP Survey to the CFPB. If your institution received such an order, the Order will indicate how many surveys your institution must submit. Other issuers not receiving an Order may voluntarily submit the TCCP survey.

This document provides a detailed walkthrough of how to submit a TCCP survey and required data through [Collect](#). Collect is the website through which issuers must submit their TCCP surveys to the Bureau. To access Collect, visit <https://collect.consumerfinance.gov>.

In addition to this detailed walkthrough of Collect, the CFPB has published additional resources to help financial institutions submit credit card marketing agreements and other information through Collect. These resources can be found at <https://www.consumerfinance.gov/data-research/credit-card-data/terms-credit-card-plans-survey/>

PLEASE NOTE: You are not currently able to save changes in the Collect system before submitting your responses. We recommend you record your responses in a separate document and, upon gathering all the information, pasting individual answers into the corresponding response fields and then submitting.

2. Start a TCCP Survey

1. From the Collect homepage, select '**Take the semi-annual TCCP Survey**' link under *TCCP Survey for Existing Credit Cards* header.

TCCP Survey for Existing Credit Cards

- [Take the semi-annual TCCP Survey](#)

Twice per year, certain issuers submit information to the CFPB on their credit card plans, including interest rates and fees, through our Terms of Credit Card Plans (TCCP) Survey. The CFPB sends Orders to the issuers required to file a TCCP survey. Prior identification does not indicate that an issuer will be identified again, although you may be. Issuers that do not receive a Bureau Order may voluntarily submit this survey

2. Review the instructions provided on the page and select '**Start Survey**' to begin the Survey.

TCCP Survey

Introduction

If the CFPB issues your institution an Order to complete the Survey, your institution's submission is required by law, 15 USC 1646(b).

For each page of the Survey, you will see relevant instructions that will enable you to complete the Survey accurately and quickly.

Each Survey must correspond to a single product. Please refer to the Bureau's Order for instructions to determine how many Surveys you are required to submit.

The Survey has 'Previous' and 'Next' buttons that you can use to navigate. Do not use your browser's forward and back buttons.

PLEASE NOTE: You are not currently able to save changes in the Collect system before submitting your responses. We recommend recording your responses in a separate document and, once you have gathered all the information, pasting individual answers into the corresponding questions and then submitting.

3. Use Previous Survey

If you have previously submitted a TCCP survey using Collect, you can choose to pre-populate the Survey using the previous answers. Please note, if you select a survey from prior to the 2023 collection, there will be additional fields as the survey has changed.

If this is your first time submitting a TCCP survey or you choose not to select a previous survey, please skip to section “4. New TCCP Survey”

1. Select the dropdown list and choose from the available options (Note: All surveys submitted within the current year will display), then select “Next” to proceed to the next page.

2. Review the Previous Survey Response Review instructions and if you would like to pre-populate the survey with previous responses, then select “Next”.

Below are the responses from a previously submitted survey. Please note that a question without a corresponding value is either a question you weren't asked or an optional question to which you didn't respond.

If you would like to pre-populate your TCCP Survey with these responses, please select Next. You will have the opportunity to review and change all responses before submitting.

Additionally, when updating a previously populated survey, please be sure all Yes/No questions have values selected.

4.1 Introduction – Product Name and Agreement Selection

- 1. Begin to populate the required fields.
 - a. **Product Name**
 - b. **Select the card agreement with that product below:** Please note, more than one product and associated Survey can be associated with a credit card agreement.
 - c. **What is the Report Date for the answers you are providing on this survey?**

The screenshot shows a survey form with three required fields, each marked with an asterisk. The first field is 'Product Name', which is currently empty. Below it is a red error message: 'Complete this field.' The second field is 'Select the card agreement associated with that product below:', with a dropdown menu showing 'Rob Test 3'. The third field is 'What is the Report Date for the answers you are providing on this survey?', with a dropdown menu showing 'Data as of December 31'. At the bottom of the form, there is a link: 'Credit card not listed? Click [here](#) to create a new card agreement.' The form is part of a 28-step process, as indicated by '4 of 28' in the bottom left. Navigation buttons for 'Previous' and 'Next' are located in the bottom right.

2. If the appropriate card agreement for the product is not found in the dropdown list, select **“Create a new card agreement”** in the sentence under the dropdown stating **“Credit card not listed? Create a new card agreement”**. This will open another window in your browser.

 - a. If “**Yes**”, enter the balance range for each applicable tier. You do not need to use all four tiers to proceed.
 - b. The value in each ‘**From**’ field must be less than the value of its corresponding ‘**To**’ field. Once you have entered the balance range for each applicable tier, move onto the next question.
 - c. If “**No**”, proceed onto the next question.

Instructions:

All APR questions on this Survey are about the purchase APR that you apply to balances on new customer accounts. For Purchase APRs, ignore promotional and introductory APRs, and report only non-promotional, non-introductory “go-to” rates. Rates should be reported without the percentage sign. Rates should be rounded to no more than two decimal places.

* For new customers, does the stated purchase APR vary with the balance that the consumer incurs on the card?

Note: If the stated purchase APR varies because of other factors (e.g. cardholder creditworthiness, promotional offers, etc.) but does not vary with the balance on the card, choose No below.

Introduction

If the Bureau instructs you to complete the Survey, your submission is required by law, 15 USC 1646(b).

For each page of the Survey, you will see relevant instructions that will enable you to complete it accurately and quickly.

The Bureau selects issuers twice a year to complete the Survey. If the Bureau contacts you in January, you must complete the Survey within ten business days of March 1, and the information you report must be current as of December 31. If the Bureau contacts you in July, you must complete the Survey within ten business days of September 1, and the information you report must be current as of June 31. These dates are referred to in the Survey as Report Dates.

Each Survey must correspond with a single product. Please refer to the Bureau's instructions to determine how many Surveys you are required to submit.

The Survey has 'Previous' and 'Next' buttons that you can use to navigate. Do not use your browser's forward and back buttons.

Note: Once you start the survey, you must complete it in full and submit as there is there is not option to save for later.
